## Results

Year 2002 – St Valentine's Day Massacre Criterium, Sunday Feb 10, 2002  
843 total riders for the day's racing in warm, but very windy conditions. The tremendous rider turnout strained the registration staff to the limit. We appreciated the rider's patience while we dealt with an overwhelming amount of registration and licensing issues.

Unfortunately, we had some complaints from one of the tenants at the race course site. There were two issues presented: 1. Race participants were parking in lots that were marked as "No Race Parking", and 2. Some race participants were seen relieving themselves in the bushes adjacent to the tenant's building. In the interest of preserving this venue and other promoters race venues, **PLEASE MAKE RESPONSIBLE CHOICES WHEN ATTENDING BICYCLE RACE EVENTS.** If you are at all unsure of parking, bathroom facilities, or other concerns please check with the promoter or officials. Thanks to all the riders for making this one of the biggest events in recent years, let's work together to not lose the opportunity to conduct this, or other events, in the future.
